

# ENTRANCE SYSTEMS

*The entrance to your house is more than just a door; it's the focal point of your home.*

*We take this to heart at Polaris®.*

*That is why you'll find beauty, quality, and energy-efficiency in the door system we'll make especially for you.*

*Welcome to Polaris.*

### **MADE FOR THE MOMENTS THAT MATTER**

Your front door is part of everyday life, from quiet mornings to cherished homecomings. Built strong and made to last, it helps frame the memories that begin right at your doorstep. It's the strength and style that keeps up with your busy home.

### **STRENGTH YOU CAN COUNT ON**

Built tough to face whatever life brings, these doors protect your home and provide peace of mind. They stand strong through storms, seasons, and daily life so you can focus on what matters most.

### **DESIGNED TO FIT YOUR LIFE**

Your home should feel like you, and your door should fit your style and needs. With a wide range of materials, finishes, and design options, you can create an entryway that welcomes you home and reflects your unique taste.

# TABLE OF CONTENTS

Sometimes the smallest details create the most lasting impressions. Let us help you design your dream entryway and ensure you don't miss a single detail. Create an entrance that reflects your style and welcomes you home.

# BUILT FOR EVERYDAY LIFE

Your entry door is key to your home's comfort and safety. We design every door system with durable materials and advanced features that keep your home energy efficient, strong against weather, and secure from threats. Whether it's everyday performance or enhanced protection, our doors provide lasting peace of mind for your family and home.

## ENHANCED ENERGY EFFICIENCY WITH POLYURETHANE FOAM CORE

Keep your home comfortable throughout the year with an insulating polyurethane foam core. This thermal barrier helps maintain a consistent indoor temperature by trapping air and resisting heat flow, improving energy efficiency and lowering energy bills. Many of our styles meet ENERGY STAR requirements, ensuring long-term energy savings and reliable comfort.

## LASTING STRENGTH WITH WEATHER-RESISTANT MATERIALS

Your door is built to handle everything from freezing winters to scorching summers. The materials resist warping, cracking, and rot, so you don't have to worry about swelling, sticking, or unexpected repairs. Its long-term durability keeps your home protected with less maintenance.

## FIT AND FUNCTION FOR YEARS TO COME WITH ADJUSTABLE HINGE

As houses settle and respond to seasonal weather changes, it can cause doors to shift, leading to drafts, difficulty opening and closing, and unnecessary wear. The adjustable hinge plate system\* makes it easy to maintain a perfect fit, allowing you to make quick adjustments without professional help. These adjustments ensure a tight seal and smooth operation, keeping your entryway secure and weathertight year after year.

*Advanced door edges of Timbergrain series to ensure long-term durability.*

### **BUILT STRONG WITH REINFORCED CONSTRUCTION**

Our steel and fiberglass entry doors are built to protect your home with durable construction that resists impact and wear. A concealed steel reinforcement plate behind the frame strengthens the lock area to help prevent forced entry. Whether you choose steel or fiberglass, every door is designed to enhance security and give you peace of mind.

### **GREATER SECURITY WITH MULTI-POINT LOCKING OPTIONS**

Upgrade to multi-point locking hardware for added security at several points along the frame. It adds strength across the door frame to resist break-ins and keeps the door tightly in place, improving stability and protection.

### **PEACE OF MIND WITH FIRE-RATED DOOR OPTIONS**

Select door styles can be labeled for fire ratings to provide protection between your house and garage. Steel doors are available with fire ratings up to 90 minutes. Select fiberglass doors can be labeled for 20 minutes<sup>‡</sup>, offering an additional layer of safety and peace of mind in an emergency.

‡ Reference product configurator for availability. Fixed hinge only.

# QUALITY YOU CAN TRUST

At the heart of every door we make is a commitment to quality. From carefully selected materials to precision manufacturing and thoughtful details, each part of our door system works together to protect your home and create an entryway you can count on. Quality craftsmanship means your entryway enhances your home's curb appeal and offers lasting value and reliable performance.

## MORE NATURAL LIGHT & VISIBILITY WITH MODERN GLASS OPTIONS

Enhance your home's curb appeal with stylish glass doors that maximize natural light and create a bright, welcoming atmosphere. Choose between two styles:

**Framed Glass:** Features a sleek, visible frame surrounding the glass, offering a timeless look.

**Frameless Glass:** With no visible frame, this modern style offers clean lines and more glass exposure, allowing more natural light to fill your home and creating a brighter, more open space. (refer to page 16)

## ROT-RESISTANT STRENGTH WITH DURA-FRAME JAMB

The base of your door frame is made from naturally rot-resistant Alaskan Yellow Cypress to protect against moisture and insects. Its one-piece design (up to 12") creates a clean, sturdy frame backed by a limited lifetime warranty.

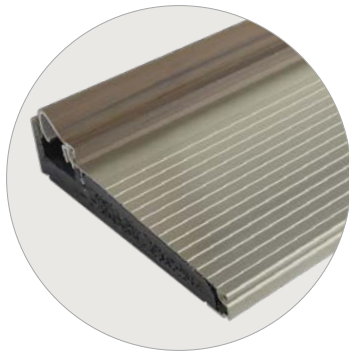

## SMOOTH OPERATION WITH BALL-BEARING HINGES

Ball-bearing hinges reduce squeaks and eliminate grinding dust for a smoother door opening and closing, perfect for busy households. Available in various finishes, they combine everyday function with lasting beauty.

### **LASTING BEAUTY WITH LIFETIME WARRANTY**

Everyday life can be tough on a door—kids, pets, and delivery drivers handling boxes. Our durable steel and fiberglass doors help your entryway stay flawless despite the wear and tear of daily life. Plus, with a limited lifetime warranty\*, you can enjoy beauty and peace of mind for years.

### **YEAR-ROUND PERFORMANCE WITH AUTO-ADJUSTING SILL**

Our Z-Articulating Cap Sill® adjusts automatically for a consistent seal against wind, water, and insects. The continuous sill design strengthens the system and helps prevent drafts or water leaks.

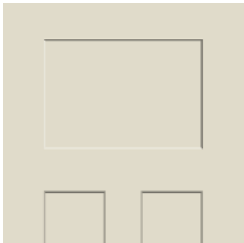

### **EASY MAINTENANCE FOR LONG-TERM BEAUTY**

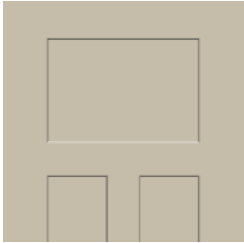

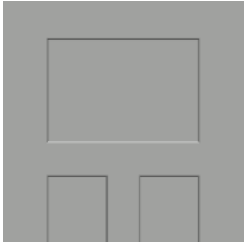

Every part of your entry door is built to stay looking great with less effort. Our low-maintenance components resist peeling, rust, rot, and warping over time. That means less upkeep and a door that continues to enhance your home's appearance year after year.

\* Valueline series has a 10-year limited warranty.

# DOOR SERIES OVERVIEW

**First impressions matter.** Our exterior doors bring beauty and strength to your home's entryway. Choose from steel and fiberglass door series, each available in a variety of styles designed to reflect your personal style and complement your home's unique character.

## DOOR SERIES

# TIMBERGRAIN FIBERGLASS

Experience the warmth and character of real wood with the strength and durability of fiberglass. You'll find the perfect traditional to rustic look to match your home's style. These doors offer the beauty of real wood without the upkeep, providing long-lasting curb appeal and reliable performance.

### Authentic Wood-Like Appearance in Five Species

Choose from Knotty Alder, Mahogany, Cherry, Fir, and Oak. Crisp shadow lines and lifelike graining replicate the texture of real wood, adding warmth and character to your entryway.

### Durability That Resists Rot and Moisture Damage

Premium hardwood edges replicate the look of a real wood door while resisting rot and decay. Composite top and bottom rails prevent moisture absorption and won't rot over time, helping your door maintain its appearance and function.

### Strength and Stability for Lasting Performance

Four-inch reinforced stiles keep your door straight and secure, preventing warping or bowing caused by temperature changes, so it stays aligned and reliable.

### Enhanced Energy Efficiency with Insulating Core

The insulating polyurethane foam core helps regulate indoor temperature, reducing heating and cooling costs while keeping your home more comfortable year-round.

### Smooth Operation with Adjustable Hinge Plate System

As your home settles and seasons change, doors can shift, causing drafts or making them difficult to open and close. Timbergrain doors let you adjust the fit yourself, maintaining a tight seal and smooth operation year after year.

### Confidence Backed by a Lifetime Warranty

A limited lifetime warranty gives you peace of mind that your Timbergrain door will remain a beautiful, dependable part of your home for years.

## DOOR SERIES

# WESTON™ BRUSHED SMOOTH FIBERGLASS

Weston doors offer the perfect balance of beauty and performance. With a design that mimics the elegance of real wood, these fiberglass doors bring lasting durability and a sophisticated look to your home. Weston doors withstand any climate, creating a strong entryway that resists warping, cracking, and rotting, requiring minimal upkeep.

### Authentic Wood-Like Finish with a Brushed Texture

Weston's distinctive brushed finish mimics the natural texture of a painted wood door, adding a warm, sophisticated feel to your home. Unlike smooth fiberglass doors, this unique surface brings depth and charm, enhancing your curb appeal with a modern take on classic style.

### Smooth Operation with Adjustable Hinge Plate System†

As your home settles and seasons change, doors can shift, causing drafts or making them difficult to open and close. Weston doors let you adjust the fit yourself, maintaining a tight seal and smooth operation year after year.

### Enhanced Energy Efficiency with Insulating Core

The insulating polyurethane foam core helps regulate indoor temperature, reducing heating and cooling costs while keeping your home more comfortable year-round.

### Added Protection with Fire-Rated Options

Select Weston styles‡ feature fire-rated options that provide a 20-minute fire barrier to help slow fire between your house and garage, offering extra protection for your home and family.

### Beauty That Lasts with a Lifetime Warranty

Daily use is no match for Weston's tough fiberglass surface, which resists dents, scuffs, and scratches. A limited lifetime warranty gives you long-term confidence that your entryway will continue to look great and perform well.

## DOOR SERIES

# NORWOOD TEXTURED STEEL

Enjoy the warmth of wood with the strength of steel. Norwood doors feature a deeply embossed Oak grain texture that captures the beauty of real wood. Designed for durability and low maintenance, this series offers lasting performance, security, and curb appeal.

### Wood-Like Texture with a Realistic Oak Grain Finish

The Oak grain texture gives these steel doors the natural look of real wood. It adds character and charm to your entryway while delivering the strength and durability of steel.

### Durable Construction for Lasting Performance

Norwood doors are made from strong 22-gauge steel that stands up to dents, warping, and cracking. A rust-resistant galvanized finish protects in high moisture and coastal areas, while a composite lock block keeps hardware secure without swelling or absorbing moisture.

### Smooth Operation with Adjustable Hinge Plate System

As your home settles and seasons change, doors can shift, causing drafts or making them difficult to open and close. Norwood doors let you adjust the fit yourself, maintaining a tight seal and smooth operation year after year.

### Extra Protection with Full Steel-Edge Design

A full steel-edge perimeter reinforces the door for added strength and security, helping protect against forced entry. This design meets the industry's highest standard with a Grade 40 security rating, giving your home reliable protection that lasts.

### Enhanced Energy Efficiency with Insulating Core

The insulating polyurethane foam core helps regulate indoor temperature, reducing heating and cooling costs while keeping your home more comfortable year-round.

### Peace of Mind with Lifetime Warranty

A limited lifetime warranty gives you lasting confidence in your door's performance and appearance.

*The insulating foam core keeps your home comfortable year-round*

**Added Protection with Fire-Rated Options**

Fire-rated options provide up to 90 minutes of protection to help slow the spread of fire between your house and garage. These doors meet residential building codes in many areas and give you extra peace of mind. Just look for the fire symbol to find available styles.

DENTIL SHELF

## DOOR SERIES

# WESTGUARD SMOOTH STEEL

WestGuard doors are built tough to handle busy homes and hardworking spaces. Made with extra-thick 20-gauge steel, they stand strong against dents, warping, and corrosion. A galvanized finish protects against rust, even in coastal or high-moisture areas.

These doors are ideal for high-traffic areas and even meet commercial-grade standards, so you get dependable performance and lasting protection.

### Extra Protection with Full Steel-Edge Design

A full steel-edge perimeter reinforces the door for added strength and security, helping protect against forced entry. This design meets the industry's highest standard with a Grade 40 security rating, giving your home reliable protection that lasts.

### Enhanced Energy Efficiency with Insulating Core

The insulating polyurethane foam core helps regulate indoor temperature, reducing heating and cooling costs while keeping your home more comfortable year-round.

### Smooth Operation with Adjustable Hinge Plate System

As your home settles and seasons change, doors can shift, causing drafts or making them difficult to open and close. WestGuard doors let you adjust the fit yourself, maintaining a tight seal and smooth operation year after year.

### Added Protection with Fire-Rated Options

Fire-rated options provide up to 90 minutes of protection to help slow the spread of fire between your house and garage. These doors meet residential building codes in many areas and give you extra peace of mind. Just look for the fire symbol to find available styles.

### ADA-Friendly Options for Accessible Design

Most styles are available with 10" bottom rails to meet ADA accessibility standards, supporting ease of use in residential and light commercial settings.

### Peace of Mind with Lifetime Warranty

A limited lifetime warranty gives you lasting confidence in your door's performance and appearance.

# CAMBRIDGE SMOOTH STEEL

Classic style meets everyday strength. Cambridge doors feature a smooth, clean surface that delivers a sleek, modern look to fit a variety of home designs. These doors resist daily wear and tear while providing durable, energy-efficient protection and lasting curb appeal.

Built to stand up to whatever life brings, Cambridge doors help create a welcoming entryway that adds value and beauty to your home for years.

### Durable Construction with Heavy-Duty 22-gauge Steel

Cambridge doors are made from tough 22-gauge steel and resist dents, warping, and cracking. A rust-resistant galvanized finish adds protection in coastal or high-moisture areas, while a composite lock block keeps hardware secure without swelling or absorbing moisture.

### Extra Protection with Full Steel-Edge Design

A full steel-edge perimeter reinforces the door for added strength and security, helping protect against forced entry. This design meets the industry's highest standard with a Grade 40 security rating, giving your home reliable protection that lasts.

### Enhanced Energy Efficiency with Insulating Core

## INTERNAL GRILLES

# PRAIRIE

Prairie grilles showcase strong geometric patterns and clean lines inspired by Frank Lloyd Wright's iconic architecture. They capture the flat, open landscapes of the Midwest prairie, bringing a timeless and distinctive look to your entryway.

PRIVACY GLASS

# CUMULUS

Whether soft wisps of clouds or a 30,000-foot view of mountainous terrain, Cumulus takes a view from afar and brings it down to earth in your entryway. The textured glass surface is exposed to the inside of the home.

## PRIVACY GLASS

# LINEN

Whether reminiscent of a soft linen shirt or an elegantly embroidered linen tablecloth, Linen's lightly etched glass and woven pattern complement casual or formal entryway designs. The translucent white glass and soft moiré of Linen's threads give it a high privacy level. The textured surface is exposed to the inside of the home.

## PRIVACY GLASS

# VAPOR

Reminiscent of the Northern Lights, Vapor creates an ethereal play of light and shadow and a medium level of privacy for your entryway. The textured glass surface is exposed to the inside of the home.

# TRILENNIUM® MULTI-POINT LOCK

Protect your home with a multi-point locking system that delivers exceptional strength, security, and peace of mind. Trilennium® delivers 3x the strength, 3x the security, and 3x the performance in an easy-to-use system. With top industry ratings for performance and forced entry protection, you can trust Trilennium to secure your home while enhancing its style.

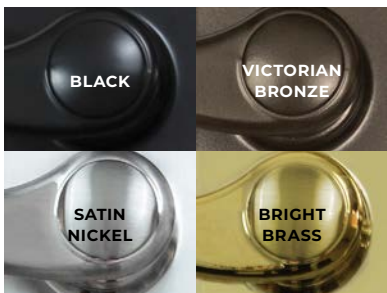

## TOP SECURITY & PERFORMANCE

Three locking bolts engage at all times. Each bolt functions as a full deadbolt with the turn of a key or thumbturn, securing the door at multiple points. Trilennium® combines the strength of one solid locking unit with the added protection of three points of contact, helping protect your home and family.

## BUILT FOR REAL LIFE

As your house settles, Trilennium® adjusts up to 3/16" to maintain proper alignment and smooth operation over time. Unlock easily with a single downward turn of the inside handle. Trilennium® is designed to perform without complicating your daily routine.

## STYLISH HANDLESETS

Choose from various stylish designs and finishes to complement your home's aesthetic.

# PANOLOCK®+ MULTI-POINT LOCK

PanoLock®+ offers enhanced security with an easy-to-use multi-point locking system that pairs with most standard hardware, including electronic deadbolts. It's a simple upgrade for better performance and peace of mind without changing your hardware style or routine.

## ENHANCED SECURITY

A turn of the key or thumbturn activates the top and bottom tapered bolts, locking the door securely at multiple points for added protection.

## STYLISH HANDLESET

PanoLock®+ works with most standard hardware, including electronic deadbolts, allowing you to customize your door's look with various handleset options. Explore decorative and smart options on the next page.

## BUILT FOR REAL LIFE

Tapered bolts and adjustable roller strikes ensure smooth, effortless operation with everyday use.

## PEACE OF MIND

Provides added security of multiple locking points, keeping your home and family safe.

# DECORATIVE & SMART HARDWARE

Schlage® door hardware offers the perfect blend of beauty and functionality to enhance your home. Choose from a variety of knobs, levers, and decorative trims in finishes that complement your door and overall décor. Whether you prefer a classic or a contemporary look, Schlage® has the perfect hardware to match your home's aesthetic.

**Smart Lock Convenience:** Enjoy the ease of keyless entry, remote access, and the peace of mind that comes with knowing your door is securely locked, all from your smartphone.

**Everyday Durability:** Schlage® hardware delivers reliable performance and lasting strength, ensuring peace of mind with everyday use.

# WOODGRAIN FINISHES

A warm welcome. Woodgrain doors are the perfect solution for achieving the richness and beauty of wood without the upkeep. The natural warmth of wood creates a stunning first impression and enhances your home's curb appeal. Colors are available in our wood-textured door series, including Norwood Steel and Timbergrain Fiberglass.

NOTE: Colors swatches are as close as printing technologies allow. Swatches shown on Timbergrain Fiberglass in Cherry.

# PAINT COLORS

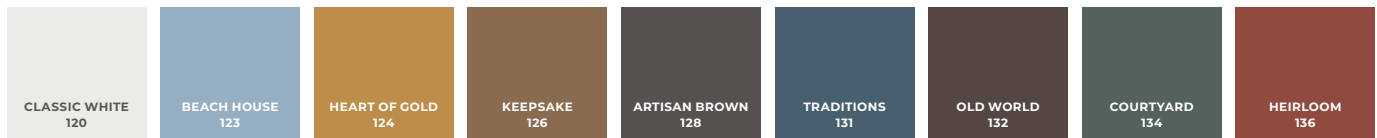

Color has the power to transform the look of your home. It can set the mood, create space, and even boost the value of your home. Choose a color that stands out while complementing your home's color palette.

Our color collections are about expressing your personality and creating a home that truly represents those who live inside it. From bold and energetic to neutral and serene, every door arrives factory-finished and ready to make an impression.

## FOREVER HOME COLLECTION

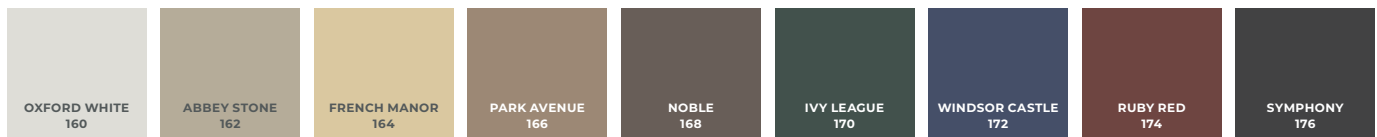

## TREASURED LEGACY COLLECTION

## COZY COTTAGE COLLECTION

## STATELY RETREAT COLLECTION

## RETRO REVIVAL COLLECTION

# CUSTOM COLORS

Make your entryway stand out with a color that's all your own, whether a bold statement or a timeless favorite. Our custom color program gives you the freedom to choose any Sherwin-Williams® paint color, and your door will arrive factory-finished in the color you select, with no painting required once it reaches your home.

**CHOOSE A COLOR THAT IS AUTHENTICALLY YOU.**

NOTE: Colors swatches are as close as printing technologies allow. Custom colors are available for paint finishes and clad frames. Custom colors are not available for woodgrain finishes.

# PET DOORS

Give your pet the freedom to come and go. A built-in pet door makes it easy for your cat or dog to enjoy fresh air and exercise without relying on you to open the door. It's a practical way to support their routine and independence while keeping your home comfortable.

**Durable Aluminum Frame:** Built to handle everyday use

**Control Pet's Access:** Secure closing panel lets you control when your pet can go outside

**Weather-Resistant:** Magnetic, flexible flap(s) help seal out drafts and weather

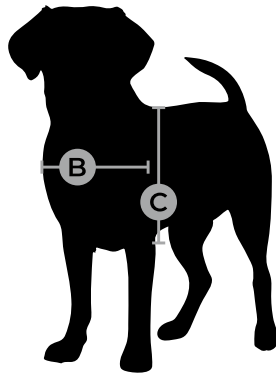

**Size Options:** Choose the perfect size door for your pet:

- **Extreme Weather Aluminum Pet Door™**  
Available in medium, large, and extra-large sizes
- **Freedom® Aluminum Pet Door**  
Available in a small size with a single flap

## MEASURE YOUR PET

- A** Make sure your pet is standing
- B** Measure the **width** of your pet's chest
- C** Measure the **height** from your pet's shoulders to the bottom of chest

## COLOR OPTIONS

Our storm doors feature a scratch-resistant, powder-coated finish that delivers exceptional color retention and durability, ensuring your door looks stunning for years with minimal upkeep.

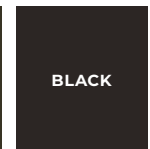

WHITE

TAN

MOCHA

BLACK

**Premium Frame:** The 1-1/4" thick, dent-resistant aluminum frame offers strength and long-lasting protection while adding a touch of sophistication to your home.

**More Natural Light:** Narrow rails maximize natural light, highlighting the beauty of your entry door.

**Fiberglass Screen:** The durable, non-glare fiberglass screen resists dents, ensuring a clear view.

**Effortless Closing:** A smooth, self-closing mechanism ensures reliable operation and peace of mind.

**Safety Glass:** Heat-tempered safety glass provides enhanced protection and is three times stronger than standard glass.

**Simple Installation:** Designed for quick and easy installation, with both left and right outswing options.

# FRAME TYPES

Protect your home with durable, low-maintenance door frames that provide long-lasting performance and stability. Choose from various frame types and trim options to enhance the beauty and functionality of your entry door while safeguarding your home from the elements.

## DURA-FRAME™

**Durable Wood Frame:** Primed wood jamb with Alaskan Yellow Cypress resists moisture, rot, and insect damage.

**Strong One-Piece Design:** The one-piece design provides solid support and lasting stability.

**Long-Lasting Protection:** Built to withstand the elements, offering reliable performance for years.

## DURA-TECH FRAME

**Durable Vinyl Frame:** PVC bonded to the Dura-Frame™ wood jamb for extra protection against moisture and rot.

**Color Options:** Available in all paint and stain colors to complement your home's design.

**Trim Options:** Optional brickmold with nail-free attachment for a clean look.

★ **Covers Gaps:** Optional 4" trimmable brickmold covers gaps between siding and the door frame common on door replacements, creating a finished appearance.

## DURA-PLAST™ FRAME

**Composite Frame System:** Poly-fiber composite frame won't absorb moisture, ensuring durability without warping, splintering, or rotting.

**Color Options:** Available in all paint and stain options to match your home's style.

**Long-lasting Strength:** Built to resist moisture, maintaining strength and durability over time.

## STEEL FRAME

**Superior Strength:** Ideal for light commercial applications, providing long-lasting performance.

**Fire-Resistant:** 90-minute fire rating for added safety and peace of mind.

**Easy Installation:** Accommodates varying wall thicknesses, allowing setup after finishing walls and flooring.

**Customizable Finish:** The white frame can be painted after installation.

**Trim Options:** Optional steel casing provides a clean, finished look.

## CLAD FRAME

**Durable Aluminum Cladding:** .092" thick extruded aluminum protects against the elements while maintaining a sleek look.

**Strong, Reliable Base:** Built on the sturdy Dura-Frame™ for added durability.

**Color Options:** Powder-coated finish ensures long-lasting color. Available in standard and custom colors.

**Trim Options:** Select from various profiles to create a refined, finished appearance.

5'4" Double Door w/2 Sidelites	93"	97"	94"	98"	95-1/2"
6'0" Double Door w/2 Sidelites	101"	105"	102"	106"	103-1/2"

NOTE: For single clad outswing units, add 1/4" to the UDW shown above.  
 For double doors that are both clad and outswing, add 3/8" to the UDW shown above.  
 For primed wood outswing units, add 5/8" to outside brickmold width.  
 For steel frames, add 1" to nominal width and 1/2" to nominal height for rough opening.

For sidelite units that are both clad and outswing, add 1/4" to the UDW shown above.  
 For double doors that have wood jambs but are also outswing, add 1/8" to UDW shown above.  
 For masonry construction, add 1/4" to outside brickmold dimension shown.

Actual Frame Height / UDH (Rough Opening Height)		
6'8"	7'0"	8'0"
Units with Standard Sill		
81-3/4" UDH (82" RO) Inswing	85-3/4" UDH (86" RO) Inswing	97-3/4" UDH (98" RO) Inswing
81-1/4" UDH (81-1/2" RO) Outswing	85-1/4" UDH (85-1/2" RO) Outswing	97-1/4" UDH (97-1/2" RO) Outswing
Units with ADA Sill		
80-3/4" UDH (81" RO) Inswing or Outswing	84-3/4" UDH (85" RO) Inswing or Outswing	96-3/4" UDH (97" RO) Inswing or Outswing
81" UDH (81-1/4" RO) Clad Outswing	85" UDH (85-1/4" RO) Clad Outswing	97" UDH (97-1/4" RO) Clad Outswing

NOTES:  
 Outside Brickmold height is 1-1/4" more than RO height.  
 Outside Modern Nosing height is 5/16" more than RO height.  
 Outside Narrowline Nosing is equal to unit dimension.

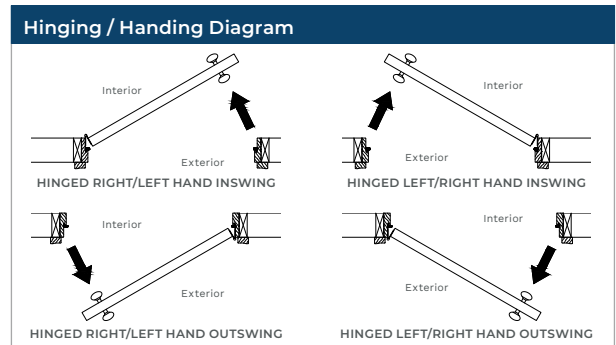

### Opening Dimensions for Single Remodeler Units

Size (nominal)	Fits these existing openings			
	'A' Widths		'B', 'C' Heights	
	Min.	Max.	Min.	Max.
2'5" x 6'7" Single Door	29-5/8"	30-1/2"	80"	80-1/2"
2'7" x 6'7" Single Door	31-5/8"	32-1/2"	80"	80-1/2"
2'9" x 6'7" Single Door	33-5/8"	34-1/2"	80"	80-1/2"
2'11" x 6'7" Single Door	35-5/8"	36-1/2"	80"	80-1/2"

NOTE: For 6'11" heights, ADD 4" to rough openings shown.  
 We reserve the right, without notice, to make changes in specifications, construction, design, details, and pricing at any time in such a manner as we may consider necessary or advisable. Corrections to reflect any such changes shall be included in subsequent printings of this publication.
